

FREE UBC SCIENCE EVENT FOR KIDS!

LET'S MAKE A SPLASH! COOL FACTS & PHYSICS ABOUT WATER

SUNDAY DECEMBER 4TH

The **Faraday show** is UBC's annual science lecture designed for children and presented by UBC Physics & Astronomy students.

This year the show will feature the physics of water and transportation through wet, splashy, icy, bubbly and pressure conditions!

?? Why do some things **float** on water and other things **sink**? How do we **propel ships** and why do they sometimes **crash**? Why are some **boats** faster than others? Why do **submarines** have to be super strong?!!

We will explore these questions and more through fun demos and hands-on activities. This show is for children of **ALL AGES** and adults who are young at heart!

DON'T GET WET!

WHEN:

2:00-3:30pm on **Sunday, December 4, 2022**

COST:

FREE! but please bring non-perishable food items to support the Greater Vancouver Food Bank!

WHERE:

UBC HEBB Theatre (2045 East Mall on UBC campus). Hebb theatre has limited capacity so come early!

PARKING:

The North Parkade is the closest parking lot to the HEBB Theatre.

PLANNING: Make it a full day on UBC Campus! Mention that you are a "Faraday Show" participant at the Beaty Biodiversity Museum Admission Desk to get 50% off general admission rates for Sunday Dec 4th between 10am - 5pm.
