Lunar New Year is the beginning of a calendar year whose months are moon cycles, based on the lunar calendar or lunisolar calendar. This Lunar New Year for 2023 will fall on **Sunday, January 22nd, 2023**, and is the **Year of the Rabbit** which is the sign for the Chinese zodiac year.

The **Lunar New Year** as a celebration is observed by numerous cultures. It is featured in the Chinese calendar of the East Asian cultural sphere, the Hindu-Buddhist calendars of South and Southeast Asia, the Islamic calendar and the Jewish calendar in the Middle East, and is also celebrated by the indigenous Nisga'a people of Canada.
