## May is Canadian Jewish Heritage Month

The logo for Jewish Heritage Month features the word "JEWISH" in large, bold, dark blue capital letters above the words "HERITAGE MONTH" in smaller, white capital letters. The background is a light blue square with a pattern of faint, overlapping Star of David symbols.

**JEWISH**  
HERITAGE MONTH

Today marks the beginning of Jewish Heritage Month, a time to celebrate the richness of Jewish culture, heritage, and history in Canada.

Canada is home to the fourth largest Jewish community in the world. Jewish Canadian leaders are active in all parts of society and have helped shape the diversity found within it. Canadian Jewish Heritage Month provides an opportunity to celebrate Jewish communities from coast to coast to coast for their valuable contributions in building a more open, diverse, and consciously more inclusive Canada for all.

## May is Asian Heritage Month

During Asian Heritage Month, we honour the significant contributions that Canadians of Asian descent have made, and continue to make, in shaping our society from coast to coast to coast. This month also provides a unique opportunity to learn more about the vast diversity of

Asian cultures, languages, cuisine, arts, and more.

# NATIONAL CHILD & YOUTH MENTAL HEALTH DAY

Online Event for Parents and Caring Adults

with Kim Barthel

**CONNECTING WITH KIDS:** We know that having caring, connected conversations can significantly impact the mental health of children and youth. Join us to listen to Kim Barthel talk about having more self-compassion, self-awareness and knowledge about the art and science of relationships. Our kids mean so much to us, and yet disconnection, dissociation and even the potential for self-harm is very real. A holistic and engaging story-teller, Kim will introduce the basics of attunement, attachment theory, trauma-sensitive practice, sustainable self-care and above all the power of connection and inclusion.

Kim Barthel is a Canadian occupational therapist, speaker, multi-disciplinary teacher, mentor and best-selling author who is active in supporting people in many contexts globally. Kim is passionate about understanding mental health, complex behaviour, neurobiology, movement, trauma-sensitive practice, attachment, sensory processing and learning.
