

PARKING LOT SAFETY NOTICE

We need your help.

Our parking lot has become too congested at arrival and dismissal times - and many staff members and Bridge families are increasingly concerned with our children's safety. Many drivers are parking in staff parking spaces, or in places that are not permitted. All of the parking spaces in the school lot are reserved for school staff and District staff that come to our school throughout the day.

Please do not park in the school parking lot, in the drive-through lane, in the handicapped spaces or in "No Parking" zones.

If you need to walk with your child to their class or pick them up at the exterior door at dismissal time, please park safely in a designated spot in the neighbourhood. If you are dropping off your child, please use the drive through zone.

We understand that this may add a few minutes to your daily drop off and pick up routines. And so... we thank you for your extra time and efforts to keep all of the students, families and staff at Bridge safe.

Update:

In the past two days, Mr. Hurst and Mme Lin have been outside monitoring the parking lot and informing families of the concern. We have appreciated how respectful everyone has been in receiving this information and in helping us to make the parking lot a safer place. We are grateful for the positive response from our parents - just another example of the amazing sense of community that exists here and makes Bridge such a special place to call home.
